CRN SEC TYPE DAYS DATES LOCATION CAMPUS This class is part of CityOnline and has a shorter semester. ASTR 18-Sec 961 requires in-person meetings and the use of Canvas. An in-person midterm and final exam is required for all students. Midterm exams will be held on Oct. 11, 12, and 14 (students must attend only one of these), and final exams on Dec 13, 14, and 16 (again, students must attend only one of these.) Students will also complete coursework in Canvas, which must be accessed using an internet enabled device. This class is part of CityOnline (https://ccsf. edu/cityonline) and is 16 weeks. For course details, students must check the instructor's website (https:// sites.google.com/mail.ccsf.edu/bryja).

Second course in the Python programming language. Covers resources, practices, and modules used by successful Python programmers; processes in the Python ecosystem; documentation, debugging, and testing; data serialization and use of persistent stores and web services; various implementations of the Python language. Students write useful programs demonstrating mastery of these techniques, which are applicable to real world problems.
